GOVERNMENT SEES EXPORT TRADE AS HOLDING KEY TO PROSPERITY

Costs and Quality of Canadian Products Must Be Kept on Basis to Meet World Competition Says Prime Minister—Services of Trade Branch Being Extended—Many Items Assist Finance Minister in Efforts to Balance Budget—Conversion Loan Due.

Ottawa, September 8.—Canada will continue to place its confidence in export trade to help the nation out of the depression. To do this production costs and the quality of the products have to be kept on a basis to meet world competition. This appears to be the view of the Dominion Government.

On his return from London Premier R. B. Bennett said: "This country is the fifth exporting country in the world. We must maintain our position as an exporting country." After referring to the high standard of competition Canadian goods had to meet, the Prime Minister added, "we cannot, if we would compete on a basis on which we can survive and maintain our solvency, lower our standards of living, on the one hand, or, on the other, experiment with cutting down hours of labor and increasing rates of pay."

Similar sentiments have been expressed by Hon. H. H. Stevens, Minister of Trade and Commerce. The bid for external trade will go on undiminished. In these days when other branches of the Civil Service are being scrapped six new junior trade commissioners are to be appointed.

While Canada is greatly affected by the National Recovery programme in the United States, so far there has been little indication of any step advance in prices. The wholesale price index released by the Dominion Bureau of Statistics was lower for August than for July. The lower prices of grains more than offset the slightly higher prices for other commodities.

Reports reaching Ottawa show greater activity in the manufacturing and other lines of industry. Over 104,000 more employees were working in the plants reporting to the Government on July 31st, than the month before. On this basis it was estimated that since only a portion of all industry makes these reports, the total increase of employment would be around the 200,000 mark for four months. However, there is nothing to indicate any increase in production costs that would interfere with Canada's export trade.

While industry will endeavor to support the finances of the country by a wide margin of exports over imports, Hon. E. N. Rhodes, Minister of Finance, is working with an eye to balancing the budget. He forecasted a reduction in public service costs of \$14,000,000 this year and reports that already some \$9,000,000 have been lopped off. In a few weeks he will appeal to the investors of the Dominion to convert their Victory Bonds bearing interest at 5 1/2 per cent, due this year and next into a new issue bearing interest probably around four per cent. The fact that the government was able to borrow almost \$75,000,000 in London at four per cent and had the issue readily subscribed strengthened the Minister's hand in this undertaking. The reduction will mean a great saving in interest payments.

The Dominion's revenues have also shown an up-turn. After falling for months and even years, July figures this year were greater than July 1932 and August is also expected to show a further upward climb.

The Canadian National Railways which has been a drag on the finances of the Dominion is due for better times according to R. J. Manion, Minister of Railways, who left recently for Europe.

Reports show a falling off in relief costs throughout Canada as men and women go back to work although no accurate estimate of the saving can be reached until the demands for assistance to the Prairie farmers for crop failures are known.

Canada last year got behind the wheat market, buying through the Canadian Co-operative Wheat Producers. While the Government has never made public how it has fared financially in the transaction, prices today are considerably higher than they were last year, which has led to the widespread reports that so far the adventure has at least broken even. Wheat is Canada's most important export product and the expectation here is that the government will follow the same procedure this year of supporting the market as the new crop forces heavy hedging operations on the Winnipeg Exchange. The crop will be much below last year, likely less than 300,000,000 bushels but Canada had a carry-over on August 1st of over 200,000,000 bushels. Accordingly the need to protect the market from sudden glut will be as important this year as last.

Canada's trade figures are regarded in official circles as being very encouraging. Canada sold the United Kingdom in July goods to the value of \$21,456,818, the largest single month since November, 1930. The Dominion bought from the United Kingdom to the value of \$5,806,992, the best month since November of last year. August figures, to be released next week will probably make as good a showing.

Trade with the United States is also on the upswing. Canada sold United States goods to the value of \$17,737,290 in July the highest month since March 1932 and bought from United States \$19,744,111, the highest since October of last year.

An interesting feature in the trade with the United States was that the imports to this country exceeded the exports in July by only \$2,016,821. This is probably the nearest approach to balancing the trade between the two nations of any month since the present century began.

Canada's total exports for the two months ending July of this year were \$486,126,294 and imports \$378,430,669, showing a substantial export balance of \$107,695,625.

Another industry which is showing improvement is lumber. Exports both to the United States and Great Britain have shown increases.

However all the industries are not

FEDERAL RESERVE BANK PROVIDES MORE CREDIT

Daily Average Volume for Week Ending September 6 Was \$37,000,000 Higher than Previous Week.

Washington, Sept. 8.—Daily average volume of Federal Reserve Bank credit outstanding during the week ended September 6th, as reported by the United States Federal Reserve banks, was \$2,204,000,000, an increase of \$37,000,000, compared with the preceding week, and a decrease of \$26,000,000 compared with the corresponding week in 1932.

On September 6th, total Reserve Bank credit amounted to \$2,330,000,000, an increase of \$32,000,000 for the week.

AGED MINISTER DIED FROM EFFECT OF FALL

Ventnor, N.J., Sept. 8.—Rev. Dr. Charles H. Parkhurst, militant minister who attained wide fame in the '90's as a bitter and victorious foe of Tammany Hall in New York City, died today an hour after he fell from the roof of his home.

Mrs. Grace Moore Parkhurst, his niece, said he had been walking in his sleep of late, but that his health had been excellent. He was ninety-one years of age.

SOVIET RUSSIA BOYS' CIRCUS

Prague, Sept. 8.—Soviet Russia has gone and bought a circus, say reports in the papers here. It is the Kludsky Show, which once lived off the fat of the land in capitalistic Europe, but in recent years fell into financial straits.

It was struggling precariously through Rumania, the reports said when Soviet representatives offered the elephants and tigers a home in Moscow.

DEATH OF KING FEISAL OF IRAQ OCCURRED IN BERNE EARLY TODAY

Forty-Eight Year Old Monarch Had Been Under Heavy Strain in Last Few Weeks Because of Reported Massacre of Assyrian Christians in His Kingdom—Health Had Been Poor for Some Time, but Death Came as Shock to His Entourage.

Berne, Switzerland, Sept. 8.—King Feisal, of Iraq, a scholar and desert warrior who, with the aid of the romantic Lawrence of Arabia, wrested a kingdom from the wreck of the Turkish Empire during the war, died in a Berne hotel today, following a sudden heart attack. He was forty-eight years of age.

Death came on the heels of Assyrian troubles in Iraq, the youngest nation in the League of Nations family, which culminated in reports that six hundred Assyrian Christians were massacred.

The King, broken in health, was deeply angered by these changes, which undoubtedly contributed to weaken his heart. He was gravely ill when he came here from Baghdad, a few days ago, and his physicians, although realizing the treatment in Switzerland was necessary, were apprehensive of his ability to stand the journey.

While it was generally known that he was gravely ill, his passing was a shock even to members of his entourage. His intention was to remain here two weeks and then return to his capital, Baghdad.

He was accompanied by his brother, Ali, who is in charge of funeral arrangements.

King Feisal was born in 1885 at Taif, the son of Sharif Husain and a descendant of Fatimah, the only surviving child of the prophet. He was educated privately in Istanbul.

After the Great War he played an important part with General Allenby and T. E. Lawrence in Arab revolts. In 1921 he was elected to the Iraqi throne by a plebiscite.

On his arrival here the monarch in an interview insisted there was no fanaticism against Assyrian Christians in Iraq.

"The Iraq Government only did what any civilized, law-abiding government would have done—it stamped out an attempt of a small minority of rebels to overthrow order and authority," he said.

He declared his relations with Great Britain, which early this year gave up its mandate over the young kingdom, were of the best.

Before retiring last night he complained of feeling tired. He motored to Interlaken, Switzerland, for lunch, and returned about three p.m. yesterday, going immediately to his room. He told his aide-de-camp he had a headache and wished to retire early.

Professor Charles Kocher, a noted doctor, was called and a nurse also remained in attendance during the night. When an inquiry was made about the Monarch's health at 10:30 o'clock, the physician expressed himself as satisfied.

A few minutes before midnight, however, the patient took a turn for the worse, and he died at 12:30 a.m. The body was taken to the Anatomical Institute, a clinic. It will be sent to Iraq possibly today or tomorrow.

The brother, former King Hedjaz who was stopping at a hotel near Berne, was immediately summoned. Flags on Swiss Government buildings were put at half mast.

King Feisal's heir is Prince Ghazi, who is twenty-one years of age.

ALL OPPONENTS TO DE VALERA TO FORM UNION

Cosgrave Followers Decide to Join with Centrists and National Guard—Early Manifesto Expected.

Dublin, Irish Free State, Sept. 8.—The party of former President William T. Cosgrave voted unanimously today to merge with the Centre Party and the National Guard, forming the United Ireland Party.

Meetings of the two other groups were scheduled today and a favorable vote was expected from both.

Mr. Cosgrave, Frank McDermott, leader of the Centre Party, and General Eoin O'Duffy, head of the National Guard, were to meet with others prominent in the move for union in the afternoon to prepare a joint manifesto.

This fusion would bring together the opposites to President Eamon De Valera.

The National Guard, led by General Eoin O'Duffy, has been the cause of considerable conflict in the Free State recently, as it has been accused by the De Valera Government of seeking to establish a dictatorship, and on this ground has been outlawed.

MAN KILLED IN GUN BATTLE AT VILLAGE HOTEL

New York Man Fatally Injured at St. Stanislas as Shooting Affray Follows Levelling of Theft Charges.

St. Stanislas, Que., Sept. 8.—Provincial police were today investigating a shooting affray which claimed the life of one man and left another seriously wounded. The shooting took place in a small hotel here and is said to have resulted from Henri Simard, hotel proprietor, accusing two men who entered his hotel of participating in the robbery of his premises last winter.

The dead man is William Garrow, aged twenty-three, of Newman, N.Y., and the injured one is Eddy Cushman, aged twenty-eight, of Westville, N.Y. The two are said to have come to St. Stanislas to purchase beer for transport across the international border.

Following the shooting Cushman picked his companion up and, although wounded in the stomach himself, drove with him to Malone, N.Y., thirty-five miles away where the two were admitted to hospital. Garrow died late last night.

CLASSES CUBANS AS OUR "BRETHREN"

Washington, Sept. 8.—To the nonemy of the United States, Secretary of State C. G. Hays, in referring to other nations, said today was added.

Often he speaks of our British friends, or "the folks down yonder."

Today he referred to the Cubans as our "brethren."

OIL EXECUTIVE CONDEMNS PRICE FIXING ITEM OF RECOVERY CODE

Head of World's Largest Oil Concern Declares Price-Fixing Wrong and Will Work Hardship to Consumer—Strife-Ridden Bituminous Coal Industry Code to Be Imposed by Government Provides Higher Wages, Shorter Hours and Price Increases.

New York, Sept. 8.—The controversy-ridden bituminous coal industry of the United States had been presented today with a code fixing fair-wages and working conditions, providing for price increases.

Canada being a large furnace for United States coal, the price increase embodied in the charter will naturally have its effect on Canadian pocketbooks. A code for the anthracite branch of the industry is just in the offing.

General Hugh Johnson, forceful administrator of the National Recovery Act, handed the code to bituminous operators and union spokesmen unable to agree among themselves, at about the same time disension was born within a similar code-structure Johnson built for the oil industry.

Dissatisfaction with the latter charter was voiced by W. S. Farrish, board chairman of the world's largest oil company—Standard Oil of New Jersey. He found fault with price fixing for the industry, a major point in the code.

He championed the cause of "every motor car user in the country," saying price fixing is unnecessary, wrong and "will work hardship by advancing prices considerably."

But nevertheless Farrish announced

GOVERNMENT OF SPAIN GAVE UP OFFICE TODAY

Spanish President Immediately Announced Conference Would Be Started for Purpose of Forming New Government.

Madrid, Sept. 8.—Premier Manuel Azaña's Cabinet resigned today and President Nicete Alcala Zapora announced he would immediately start conferences for the purpose of forming a new government.

Premier Azaña, who also was Minister of War, has headed various Spanish governments since October 14th, 1931. The recent election for members of the tribunal of constitutional guarantees showed a strong swing toward the opposition parties.

Moreover, there have been reports of differences within the cabinet over the terms of a trade treaty with Uruguay.

For some time opposition parties have followed the policy of refraining now and again from attending the sessions of the Cortes.

Charlottetown, P.E.I., Sept. 8.—Fire of undetermined origin early today destroyed a greenhouse, garage and wagon shed on the property of B. Gay, just outside the city limits. Damage was estimated at \$4,000.

IMPROVEMENT INDICATED IN WORLD TRADE

Exhaustive Analysis of Canadian Conditions During Past Year Is Not Without Its Encouraging Factors.

Montreal, Sept. 8.—General improvement in world conditions coupled with Canada's old efforts to meet the depression will likely find sharp reflections in the nation's trade, industry and business, in the not distant future, F. W. Field, His Majesty's Senior Trade Commissioner for the United Kingdom in Canada and Newfoundland, finds in an exhaustive analysis of Canadian conditions during the past year.

The report was prepared by the United Kingdom Government and was made public from Mr. Field's office. While stressing the difficulties through which this country has been passing the analysis contains distinctly hopeful notes.

While the wheat situation is still critical, the report finds, a generally better outlook has been laid for the 1933-34 crop year. A stronger position is developing and, if a freer exchange of commodities were arrived at by removing trade barriers and reducing tariffs this phase of Canadian industry would receive a distinct impetus.

FAMOUS JEWISH SCHOLAR DEAD

Warsaw, Sept. 8.—Rabbi Michael Wierzbowski, world famous Jewish scholar, died yesterday at the age of seventy-four years.

He was an authority on Biblical and Talmudic writings, and was a friend and correspondent of Prince Bismarck, the Iron Chancellor, founder of the German Empire.

SONS OF PRESIDENTS MEET ON BOARD OCEAN STEAMER

Theodore and Franklin Roosevelt Dispel Reports of Any Family Friction.

New York, Sept. 8.—Theodore Roosevelt and Franklin Roosevelt, both juniors, arrived on the same ship yesterday, on which they met for the first time.

"What a nice boy he is," Colonel Roosevelt said of his distant cousin.

"He certainly is a nice man," said the President's son in return.

There was a little old lady aboard who just couldn't understand, policies being what they are, how it was that Republican and Democratic Roosevelts could be friendly.

"I always thought that your two families did not speak at all," puzzled the little old lady to Franklin, Jr.

The United States President's son said he told her it was "a lot of nonsense."

"We aren't that way at all," he

INSIST HITLER TO TAKE OVER FOREIGN MINISTRY

Despite Official Denials, Rumor Persists in Telling of Big Shake-Up in Nazi Cabinet Ranks.

Berlin, Sept. 8.—Despite a categorical denial from the Ministry of Propaganda persistent rumors were current in diplomatic circles today that Chancellor Hitler intends to take charge of the Foreign Ministry as did Mussolini in Italy.

Reports said that Foreign Minister Konstantin Von Neurath was slated to replace Leopold Van Hoesch as ambassador to London and Dr. Alfred Rosenberg, recently appointed head of the Nazi Party's foreign political division, to become undersecretary of the Foreign Ministry.

BRITISH CURRENCIES MOVED WITHIN NARROW RANGE

New York, Sept. 8.—British currencies moved within a narrow price range during the first hour of trading on the foreign exchange market here today.

Canadian dollars eased down one-eighth of one per cent, to 95 1/4 cents as the United States premium on Canadian funds improved slightly to five per cent.

Pounds sterling gained 1/4 cent to \$4.54 in an extremely thin market.

NEWFOUNDLAND BUSINESS-MAN DIES SUDDENLY

Harbor Grace, Nfld., Sept. 8.—While aiding to extinguish a fire in a blacksmith shop, Ernest Simmons, prominent businessman, and former member of the Newfoundland Parliament, died suddenly today. Simmons, a member for this district in the Munro administration, suffered a hemorrhage and collapsed. He was fifty years of age.

PREMIER BENNETT PREDICTS NEW POLICY ON CANADIAN CONDITIONS

Early Pronouncement from Ottawa Promised as Soon as Prime Minister Has Had Time to Examine Domestic Situation—Gave No Hint, However, of What Change Might Be.

Newmarket, Ont., Sept. 8.—Prime Minister R. B. Bennett left the School here today with a statement its members could look forward to enunciation of a new government policy on Canadian conditions within a few weeks, after he had taken time to examine the domestic situation. The Prime Minister gave no hint of what that policy might be.

Mr. Bennett, rushing here yesterday after speaking twice at Toronto, submitted to a flood of questions from young Conservative students and told them, among other things, "Canada needed a fifty per cent increase in population if it is to take its proper place among nations of the world. He cautioned, however, that the present was no time to discuss means to increase the population when unemployment in the land, and revealed two Canadian authorities had been working on the problem with a group of "most powerful interests" in Great Britain.

From the Prime Minister's speech it appeared clear his government considers it unnecessary to take any action in Western Canada to curtail wheat production. He told the school Canada's quota under the recently-signed international wheat agreement approximated very closely its ten-year average production of the crop.

Mr. Bennett repeated his statement made in Montreal the day of his return from the United Kingdom that Canada could not embark on a programme of wage increases and decreases in hours of labor because such a plan would lose the export trade which provides the country fifth among exporting nations.

In his speech he declared his belief, despite institution of dictatorships in several countries, that no better system of government than democracy, despite its faults, had been evolved.

Democracy, he said, was facing the greatest test since it had become a principle of government. He maintained the only hope of twentieth century democracy lay in education.

AMBASSADOR TO ARGENTINA HAS ASSUMED NEW OFFICE

Anglo-Argentine Relations Said to Be Entering Period of Closer Confidence and Friendship.

Buenos Aires, Sept. 8.—Sir Henry G. Chilton, the new British Ambassador to Argentina, presented his credentials today to President Justo.

Sir Henry said Anglo-Argentine relations were entering a period of closer confidence and friendship under the commercial treaty recently effected by the Roca delegation.

President Justo replied that the agreement "undoubtedly charts the fundamentals of a new economic policy."

He said, "I think the Colonel is a mighty nice man. We talked together and played games and all that sort of thing."

THREAT OF INTERVENTION BRINGS CUBAN EFFORT FOR CONCILIATION

Considered Probable de Cespedes May Be Returned to Office as Head of Non-Party Government as Result of Conference Between Representatives of Seven Groups—Communists and Student Groups Still Opposing Peaceful Settlement.

Havana, September 8.—Attempts to conciliate political differences that have given Cuba two revolutionary governments in a month and brought thirty United States warships to Cuban waters began today.

Six men and a woman, named at a meeting of all factions to "study the nation's problems," went into a secret session with indications that provisional President de Cespedes would be reinstated, and that a coalition cabinet would be chosen to supplant a five-man junta.

This development followed a declaration that the revolutionary commission, weary after three days in power of bickerings, threats, disorders, and talk of a counter-revolution, would retire "in five minutes" if the people "tell us it is necessary to avoid American intervention."

Guarded by many soldiers, delegates representing all shades of political thought, convened in the presidential palace late last night, and determined on the conciliation move before leaving at 12.45 a.m.

The Students' Directory, opponents alike of the Gerardo Machado regime and its successor, the de Cespedes Government, was not represented on the mediation committee, and it was said the students showed no disposition to yield to suggestions to relinquish the role.

One proposal was that a cabinet of national concentration should be formed with five or six members of the de Cespedes Government, who resigned Tuesday with their leader after a coup by soldiers, sailors and national police.

Orders for the concentration of American warships near Cuba was authoritatively said to have caused the compromise move, which came closely on the heels of a declaration by the women's Revolutionary organization that "American marines must pass over our dead bodies to get on Cuban soil," and a Communist manifesto declaring, "down with the revolutionary government that wishes to pay debts owed to American bankers."

The Communist central committee was said to have agreed to fire on American forces should they land.

UNITED STATES ASSUMES HEAVY RESPONSIBILITIES

Washington, Sept. 8.—The Roosevelt administration today regarded swift developments in troubled Cuba as approaching a climax—and possibly even solution—of the island crisis, but military mobilization for sea, land or air movements continued unrelaxingly.

Inclusion by the radical junta of all Cuban political factions in a commission to "study the nation's problems" was considered in some State Department quarters as an advance toward stabilization of conditions.

But it still was remembered that should there be attacks upon foreigners in Cuba, treaty obligations impose upon United States the responsibility of maintaining a government there adequate for the protection of life, property and individual liberty.

These considerations—and more especially anxiety for the safety of the lives and property of United States citizens—sped thirty warships toward the trouble zone, assembled a regiment of fully equipped marines at Quantico, Va., and prepared a marine aircraft squadron there for instant flight.

Serving to stress the responsibilities of this government should law and order break down were solicitations from other foreign powers with nationals in Cuba.

FEARED FLOODS MIGHT COME IN TRAIL OF WIND

Texas Residents, Recovering from Hurricane Damage, Prepare to Fight Rio Grande Floods.

Harlingen, Tex., Sept. 8.—Muddy torrents surging into the Rio Grande from the rain-soaked Mexican watershed today threatened to raise the mighty border stream to a dangerous stage, while residents of the hurricane-devastated lower valley, after taking precautions to guard their flood control system, concentrated on the task of rehabilitation.

With twenty-two known dead, hundreds injured and thousands of refugees destitute after the disastrous tropical hurricane and its attending deluge of rain, relief agencies worked at top speed to relieve distress, prevent spread of disease and restore wrecked homes.

Estimates of damage ran around \$10,000,000, with the citrus crop virtually wiped out.

THE WEATHER

LOCAL THUNDERSTORMS.

Pressure is high over the Atlantic States and Northern Quebec; also over the greater part of the Western Provinces; while a trough of low pressure extends from James Bay southwestward to Arizona. Light to moderate thundershowers have been general in Northern Ontario and Southern Manitoba. Elsewhere the weather has been fair with above normal temperature in most districts of Eastern Canada and a tendency towards higher temperature in the far West.

Forecast: Mostly cloudy and moderately warm, followed by local thundershowers tonight and part of Saturday.

Temperature yesterday: Maximum 80, minimum 45.

RETAIL TRADE QUITE BRISK IN PAST WEEK

Influx of Tourists Over Holiday Week-End Registered Favorably in Sale of Smaller Lines, Novelties, Wearing Apparel, Jewellery and the Like.

Montreal, Que., September 8.—The Labor Day holiday affected to a certain extent the business turnover for the last week. Despite this however, there appears to be steady trade transacted in both retail and wholesale quarters for the week.

The earnings of the two railways for the week ending August 31st shows for the C.N.R. an increase of \$432,914, over the same period last year and for the C.P.R., a decrease of \$204,000, over 1932 figures.

Wholesale hardware houses report a slight increase in general sales to the country points; city orders still slow.

The grocery trade seems to be moving regularly with no outstanding features.

Men's wear and women's wear manufacturers, in the majority of cases report factories working at capacity and in a number of special lines factories are working well overtime.

Dry goods houses continue to report stock-rooms busy with a fairly representative number of orders being sent out as well as booked for both immediate and later delivery.

In the building trade conditions are still very quiet and all kindred lines are feeling the effects of the general continued slump in this industry.

Manufacturers of soft drinks report sales as having been up to expectations during the month of August.

Shoe and leather manufacturers are kept well employed with some of the lower-priced shoes finding a ready sale principally in the West.

Collections in general are fair, with a slight falling off in country points.

Thirteen district failures were listed for the week with liabilities of \$123,000.

UNITED STATES OFFICIALS SEE PAY INCREASES

Budget Bureau Calls for Departments to Prepare Estimates for Coming Year Without Temporary Salary Reduction.

Washington, Sept. 8.—The bright hope of higher salaries enthused United States Government officials today as the budget bureau, in calling for expense estimates for next year, asked that salary figures be submitted on the base pay rate—without any fifteen per cent. reduction.

To prevent undue counting of dollars before they arrive, however, the bureau made clear in its general letter to budgetary officers of the departments and agencies, that its call was "not to be understood as indicative of a change in existing policy."

This was interpreted by fiscal agents of several of the major federal agencies as a precautionary qualification, since most of them feel that by January 1, President Roosevelt will restore half if not all of the present fifteen per cent. reduction.

BULLET WOUNDS MAY BE FATAL FOR CONSTABLE

James Mackie, C.P.R. Officer, of Montreal, Critically Wounded by Thug Who Was Surprised while Breaking into Freight Car at Lanoraie.

Lanoraie, Que., Sept. 8.—While arresting two men in the act of breaking into a freight car in the railway yards here early today, Constable James Mackie, forty-three years of age, of the Canadian Pacific Railway Police, Montreal, was shot and seriously wounded.

Constable Mackie was removed to Joliette and then to a hospital in Montreal where he is in a serious condition with five bullets in his body.

Constable Mackie and Constable G. Miller, also of Montreal, were patrolling the yards when they saw two men attempting to open the door of a freight car loaded with cement.

As the constables started to arrest the pair one of the men drew a revolver and fired at Constable Mackie.

Paul Thoin, twenty-eight, of Montreal, the man who police allege fired the shots was arrested and shortly afterwards another man, whose identity was not disclosed, was arrested at St. Thomas, three miles from Joliette.

Little hope is held for Mackie's life at the hospital where he was removed. Two of the bullets are in his chest, two in his left arm and one in his left side, below the heart.

EVEN A CLERGYMAN LOSES HIS PATIENCE

Chicago, Sept. 8.—Six times Rev. R. Keene Ryan's motor car was stopped, and six times he said nothing to the police but recovered it himself. When it was taken for the seventh time, he lost patience, called the police and said:

"If the car is not returned by midnight Thursday I'll send the thief to the penitentiary."

Thursday afternoon he got it back. Police had found it abandoned and undamaged.

JUST A LITTLE ANGRY

Oakland, Sept. 8.—A police inspector beamed at Mrs. Emma Vaslas as he advised her he had succeeded in locating her eighteen-year-old missing daughter, Catherine.

But Mrs. Vaslas, on learning her daughter had eloped with Manuel Marshall, a professional wrestler, showed such violent displeasure that it took six patrolmen to calm her.

WAS DETERMINED TO END HIS LIFE

Chicago, Sept. 8.—Benjamin Arnold, sixty, would not be saved from self-inflicted death.

Shortly after a surgeon sewed up his throat which he had slashed in a suicidal attempt today, Arnold escaped his restraining straps and leaped to his death from the fifth floor of the county hospital.

FRELIGHSBURG

Mr. S. L. Guillet, of Dunham, was a recent guest of his sister, Mrs. H. Ingalls.

Miss Nina Smith, R.N., of Sayre, Penn., returned to her duties after spending the past ten days here with Mr. and Mrs. A. J. Shepard and visiting Mrs. Tracy, of Abbot's Corner.

Miss Christie Frary, of Montreal, arrived from Old Orchard Beach, where she had been spending part of her holidays with friends. She will be with her parents here for the remainder of her holidays.

Mrs. Edith Johnston spent a recent week-end here with Mr. and Mrs. E. M. Smead returning to her home in Montreal.

Mrs. J. Harvey, Miss Margaret Harvey and their guest, Miss Janet Cassidy, of Cowansville, spent a day in Richmond with Mr. and Mrs. R. Bolter.

CONTINUAL TIPPING OF WIFE PROVED UNPOPULAR

Judge, Unable to Get Facts in Case, Orders Maintenance Payments by Husband.

Philadelphia, Sept. 8.—Herbert Thibodeau, aged twenty-five, told Judge Gable in Domestic Relations Court that he favors the N.R.A. but he balked at tipping his wife for every service rendered.

"Every time I wanted something done I had to tip her," he testified "If I wanted a shirt washed, I had to give her a quarter. If I wanted to have it pressed, I had to pay her more."

"Why, even if I wanted her to go to the theatre with me, I had to buy her a gift, like a pair of silk stockings."

Mrs. Thibodeau denied all that. Failing to get the couple together, Judge Gable imposed a seven-dollar-a-week support order on Thibodeau.

BEDFORD

Mr. George Taylor has returned to his duties in the local branch of the Canadian Bank of Commerce, after a vacation of several weeks.

Mrs. Hiram Best, who has been the guest of her sisters, Mrs. George Richardson and Mrs. Vernon Connor, in Boston, Mass., has returned home.

Mrs. Irene Montgomery left this morning to resume her duties as teacher.

Miss Evelyn Petch, of Hemmingford, is attending school here this year.

Miss Kathleen Matthew has assumed her duties as principal at the Island Brook school.

Mr. and Mrs. C. A. Brazel and Mrs. M. E. Taylor were in South Bolton on Sunday, guests of Mrs. D. E. Coates. They were accompanied home by Miss Ardis Coates, who will attend school here.

Miss Irene Clough, R.N., who has been spending a couple of months at her home, left on Sunday for Quebec City.

The Consolidated School re-opened on Tuesday after the summer holidays, with the following staff of teachers: Miss A. Mount, M.A., Mrs. C. G. Wilson, Miss A. Wilson, Miss S. Painter and Miss K. Labaree.

Miss Irene McBurney has returned from Ayer's Cliff, where she was a guest of Mrs. W. E. Marshall and Mr. Marshall.

BUILDING HUGE TELESCOPE TO STUDY STARS

Will Permit Astronomers to Photograph Stars One Million Times Fainter than Faintest Star Visible to Naked Eye.

Cleveland, O., Sept. 8.—The world's second largest telescope, so powerful it will permit astronomers to photograph stars 1,000,000 times fainter than the faintest star visible to the unaided eye, is to be constructed at Mount Locke, near Fort Davis, Texas.

TRADING WAS QUIET TODAY ON WALL STREET EXCHANGE

New York, Sept. 8.—Stocks found the lines of least resistance at slightly lower levels in the quiet early trading today. Rails were inclined to ease under the influence of selling in Union Pacific, which lost more than six points.

Numerous industrial utilities were fractions to around a point lower. Allied Chemical lost two, while shares receding about a point included Harvester, Case, Columbian Carbon, National Distillers, New York Central and Santa Fe. U. S. Steel, Bethlehem, Consolidated Gas and Standard Oil of New Jersey showed minor losses.

HORTICULTURAL FAIR CONTAINS FINE EXHIBITS

Judging and Horse Races Featuring Today's Activities at Granby Exhibition.

Granby, Sept. 8.—Today is the "big day" of the Granby Horticultural Society Fair, when judging and horse races will occupy the greater part of the morning and afternoon.

Although the exhibition opened yesterday, it was not in full swing until this morning when all the departments were open for inspection.

The exhibits on display are of a fine quality, the children's department being especially interesting, while the cooking and vegetable sections are well filled and compare favorably with those of former years.

The Main Building this year is given exclusively to industrial exhibits. In previous years the building contained the fruit and flower displays, but these are now being converted into a suitable place.

The counters and similar stalls beneath the grand stand have been abandoned, and the convention is of flower and fruit exhibitors.

The Fair officials are: Honorary president, W. H. Miner; honorary vice-presidents, Geo. F. Payne, E. E. Boivin, Mayor J. H. Leclerc, Ven. Arch. W. B. Longhurst, J. E. Teatreault, president, G. W. Jackson; vice-president, P. G. Jack; secretary-treasurer, W. T. Legg.

Directors: W. O. Lewis, H.W. Bowker, H. G. Ball, C. P. MacDonald, Gordon Steele, Ernest Guertin, C. R. Robinson, C. D. Porter, O. R. Jackson.

Directors and Assistants in charge of departments.—Fruit, C. D. Porter, W. H. Stevenson and C. Whitney; flowers, Geo. Avery, M. Bergeron and W. Irwin; vegetables, Clarence Robinson, J. G. Fuller and H. Irwin; fancy work, O. R. Jackson, Ross Cahill and J. A. Potvin; paintings and children's department, P. G. Jack, P. Phoenix, and Miss M. Stevenson; cookery, Harold Ball and Dr. J. A. Kerr; poultry, Ernest Guertin, E. Teatreault, M. P., and Arthur Morris; gate, Gordon Steele, E. Cahill, M. Bergeron and K. Stanleton; ground privileges, G. P. MacDonald and W. O. ECONOMIC PRESSURE ON YOUTH MUST BE EASED

Great Responsibility Lay Upon Newspapermen to Bring Home that Necessity, Professor States.

Vancouver, Sept. 8.—"Great responsibility lay upon newspapermen to bring home to both governments and people the fact that democratic countries must find means of relieving economic pressure, particularly on youth," declared Dr. W. A. Carrothers, professor of economics at the University of British Columbia, in an address here.

The economic trend today was toward control, he said, in Russia this had taken the form of Communism, in Italy and Germany the form of Fascism, and in the United States N.R.A. programme.

"All these systems are a definite challenge to democracy and to the liberal principals on which our British countries have been built up," said Dr. Carrothers.

"The great danger is that youth, upon whom economic pressure is bearing most heavily, may, because of that pressure, fail to recognize the value of the principle of democratic governments."

INTERESTING NEWS BUDGET FROM HATLEY

Many Guests in Hatley During Past Few Days—General Notes and Personals.

Hatley, Sept. 8.—Rev. H. R. Bursey and Mrs. Bursey, of Ulverton; Rev. Gorley Brown, of Chalmers Church, Richmond, and Mrs. Brown; and Rev. W. E. Johnston and Mrs. Johnston, of the Hatley-Way's Mills charge were tea guests of the Misses Ives at "Butternut Cottage," before leaving to attend the induction service for Rev. Mr. Lyson at Beebe. From April until August, 1925, Rev. Mr. Bursey was in charge of Hatley, Way's Mills and Cassville, where he followed Rev. Arthur Hopper. Previous to her marriage, Mrs. Bursey also resided here for two months as Miss May Norman, from Newfoundland. She left in September for Macdonald College. Mr. C. H. Poole, of Newport, Vt., was also among the visitors at the same home.

The Sunday morning service at the United Church was conducted by a former pastor, Rev. J. L. Hodgson, who for the past six years has been connected with the Presbytery of Dundas-Grenville. The subject that was chosen for consideration at this time was "Substitutes for God."

Dr. Healing and Mrs. Healing, two sons and two daughters and the former's sister, Miss Healing, who motored from their home in the Lone Star State to attend the World's Fair, reached the home of Mrs. Healing's aunt, Mrs. Ayer, for a brief stay. Mrs. Healing is the only daughter of the late Stephen Couch, who left his native town to accompany the late A. S. Boynton, who formerly owned the present Vaughan property, to the State of Texas to engage in the sheep industry.

Rev. W. W. Smith and Mr. James McDougall were visitors at Ayer's Cliff last week. Mr. Smith also called upon Mr. Albert Neil near Cassville. Mr. Neil, who has been an invalid for some time, was able to accompany Mr. Smith for a short motor drive. In former years, Mr. Neil was a frequent guest at the home of the late Mr. and Mrs. B. Wood in this village.

Miss Pellin and Miss Linda Pellin, of Derby Line, Vt., have been guests of Mrs. Pellin at "The Old Homestead."

Mr. Sharman and Mr. and Mrs. W. J. Sharman, "Rubicon Farm," were visitors at Moe's River and also visited the Sherbrooke Exhibition.

Mrs. Snow, of Coaticook, has been visiting cousins here for the past few days.

The first Sunday morning in September was observed as usual each month by a celebration of the Holy Communion with the incumbent, Rev. W. W. Smith, filling the office of celebrant at St. James' Anglican Church.

The order of worship at the United Church was largely enriched by the singing of Mr. Glennes Parker, of Boston, Mass., who rendered "Teach Me To Pray," and "Open the Gates of the Temple." At this service the pastor spoke of "The wonderful and surpassing love of God." As a closing number the choir rendered the hymn, "Lead On O King Eternal."

Friends in this locality have received news of the marriage of Miss Mary Walsh, younger daughter of Mr. and Mrs. Thomas F. Walsh, of "Elmwood," to Mr. Ernest Edward Olson, which was consummated at Spring Lake, N.J., where Mr. and Mrs. Walsh have been throughout the summer. Mr. and Mrs. Olson left immediately after the ceremony on a trip to Bermuda.

Rev. W. E. Johnston and Mrs. Johnston were accompanied in their car by the Misses Ives to Beebe, where they attended the induction service for Rev. Mr. Tyson, who has lately been appointed to Wesley United Church.

Week-end and Labor Day visitors at "Butternut Cottage," were Mr. and Mrs. A. Ives Smith, of Montreal, together with the latter's uncle, Mr. W. Curran, Mr. Curran, who is a native of Huntington, Que., is enjoying a vacation in Montreal, where he is secretary of the Royal Empire Society. Mr. and Mrs. Smith and Mr. Curran motored, together with the Misses Ives and Mrs. Hethington, to North Hatley for a short while.

Before leaving for her home in Hollis, N.J., Mrs. L. Frappent entertained as guests at "Elmwood," Miss Doris Knapp, of Sherbrooke; her uncle and cousin, Mr. H. G. Buck, of Ayer's Cliff and Mr. Webster Buck, of Collinsville, Conn. A party comprising Mr. and Mrs. M. Whitecomb and friends, from

Andover, Mass., were visitors over the week-end at "The Butternuts." Mr. and Mrs. A. Brown, of Sherbrooke, and Woodland Bay are with relatives at "Rubicon Farm," for a few days.

COMMENCEMENT EXERCISES AT GRANBY HIGH

Principal Adams Gives Splendid Report of Past Year's Activities—Distribution of Prizes.

Granby, Sept. 8.—The commencement exercises of the Granby High School and the distribution of prizes were held on Tuesday evening, when a large number of pupils, parents and friends gathered in the Clara Miner Assembly Hall for the occasion.

On the platform were seated Principal Adams and the staff of teachers; the chairman of the school commissioners, M. A. Vitti; Rev. Dr. Rexford, of Montreal; Rev. A. E. Rollit, Knowlton; Rev. I. M. Ledstone and Rev. Thomas Scott and Commissioners H. Geddings, A. C. Smith, N. Clouston and R. Bradford.

The programme opened with a duet by the Misses M. Bradford and B. Hughes and the singing by the school of "O Canada." Prayer was offered by Rev. I. M. Ledstone. The chairman made a few remarks and welcomed the staff of teachers and pupils back to school and called upon Principal C. A. Adams for his report.

Mr. Adams stated the past year's report in some respects was the most encouraging one it had been his privilege to present during the twenty-five years he had been connected with the school. The attendance had been beyond that of past years and if there was a similar increase in the enrollment this year he believed it would be necessary to engage another teacher and open another class room to accommodate the increasing number of students. The school of 1929-30 had an attendance of 246 which was increased to 284 during the year. The average attendance was 236 twenty-seven of whom were never late or absent during the year. One hundred and ninety-two pupils received certificates of promotion. The tuition fees for all Protestant pupils under the control of the School Board are being paid from the John Bradford, Sr., Educational Fund. Mr. Adams pointed out:

The John Bradford, Sr., scholarship of one thousand dollars was won by Miss Gertrude D. Porter, who was also awarded the Narcissa Farand scholarship of three hundred. Of the graduating class, Miss Gertrude Porter and Mr. William Macdonald are entering McGill University, Miss Joyce Miller is entering Macdonald College for the four year course in education, science, Miss Anna Sweet and Miss Helen Buzzell are entering the same institution for a teacher's course, Mr. Edward Fisk is taking an agricultural course at Macdonald College and Mr. Conliffe Topp is entering the Sir George Williams College, Montreal, for a course in commerce.

Principal Adams also gave an outline of the athletic sports in which the Granby School had maintained its former splendid record, coming off victorious in the District Bedford High School Athletic League, Knowlton, and capturing the Miner Cup for the seventh time out of eight.

The library, he said, had received some valuable books as gifts from the ladies' Reading Club, a complete set of Stoddard's lectures in their readings as a class room if needed this year by simply putting in desks.

The principal thanked the chairman and all who took part in the exercises.

After Principal Adams' report Rev. Dr. Rexford was asked to present the John Bradford, Sr., Scholarship to Miss Porter. Dr. Rexford then spoke on the subject of education, and was followed by Rev. Thomas Scott.

After the presentation of certificates to the graduation class and valedictorians to the other grades, Miss Gertrude Porter read the valedictory, in which she expressed the regret of her self and her classmates to have to leave their old school.

The following pupils were awarded scholarships: Grade XI—Miss Gertrude Porter.

Grade X—Margaret Bradford, Betty Hughes, Dorothy Skinner.

Grade IX—Ellen McKenna, Pearl Rutherford, Marjorie Ashton.

Grade VIII—Joyce Ashton, Barry McDonald, Iris Blampin.

Grade VII—Carol Giddings, John McHutchin, Grace Alcorn.

Grade X—Teddy O'Neil, Campbell McDonald, Bruce Dooc.

Grade X—Audrey Walker, Grace Ossington, Blanche Smith and Elsie Morets equal.

Grade IV—Audrey Johnson, Margaret Johnston, Keith Ellison.

Grade III—Walter Bradford, Anna Zannis, Charles Cornish.

Grade II—Robert Lewis, Betty Topp, Bernice Willey.

Grade I—Francis Booth, Jean Hayes, Billy Bowker.

Grade X—Norma Clouston; Shirley Neil and Shirley Runte equal; Joyce Reith.

Latin prizes: Miss Gertrude Porter, Miss Margaret Bradford.

Punctuality and attendance prizes were won by fifteen girls and twelve boys who were never late or absent a day during the school year, namely: Pearl Rutherford, Helen Hobbs, Mary Reynolds, Juliette Gerard, Ruth Ball, Audrey Walker, Marjorie Gopp, Helen Rannels, Mildred Row, Vivian Hobbs, Verle Hobbs, Ruth Bunnells, Laura Rutherford, Ruth Hobbs, Nettie Browning, Ernest Bradford, Carl Stohn, Harold Harding, Keith Ellison, Carson Wood, Francis Slannett, Eric Pollard, Vincent Whitehead, Donald Whitehead, George Tetreault, George Samworth and Rean Harding.

SAVING THE WORLD.

Myrtle J. Roe.
It doesn't take much to save the world.
Just work enough for all,
So that distribution may circulate,
And not come up against a wall.
Just work enough and play enough
So that all may be content,
And put some by for a rainy day,
And the rest for the best be spent.

It doesn't take much to save the world,
Just the right when the nest is built,
For the newly wed to have beauty and bread,
And not fall into debt to the hilt.
Just work enough and play enough
That all souls and bodies be free
To enjoy this life without strain and strife,
And employ every faculty.

It doesn't take much to save the world,
And those who would grasp too much,
Can't enjoy all they have, and to care they're a slave,
Bubbles, not rainbows, they'd clutch.
Just work enough and play enough
That knitted the whole world may be,
For cosmic consciousness flows through us all,
None are saved till all are free.

AVOID AN ERROR WHICH WILL LOSE THE GAME.

We herewith and hereby advise the delegates at the Conservative convention that if they hitch up the Eastern Townships with Montreal in their allocation of sections they are simply borrowing trouble. We have little in common with Montreal, and those Montrealers, who sought to grasp credit, in the tangible form of "fruits of victory," had little to do with the results in the Federal election. They were a detriment, and their inside reports to Montreal headquarters were all wrong.

The people of the Townships desire that no meddling from Montreal be allowed to come within the eleven counties. And that is common to both parties.

We are quite free with our advice, and we give it to both parties without fear or favour.

But it is counsel which we offer in view of such men as the present Senator Rainville, who sought and gained credit for a success in the Eastern Townships which belonged to others. For he had as much to do with the results in the Federal election as a prize baby. Actually, this former organizer had reported to Montreal headquarters that the only chance the Conservatives had to gain a seat in the Eastern Townships was the winning of Sherbrooke City, and when we prophesied seven seats his chief said "You're crazy."

Forty-five years of studying and of knowing Canada, with the unbiased view of an onlooker participant, may have given us more than ordinary intuition. Yet, we still study on past performance, present outlook and personalities. We know our Quebec. We can interpret the view of the Eastern Townships, of which Sherbrooke is an eleventh part.

WHERE THE BIRDS GO IN THE SUMMER TIME.

Jack Miner has received a lot of tags from the Far North. These tags are placed on the legs of wild ducks and geese at the Bird Sanctuary in Kingsville, Lake Erie, and are often held as talismans by the Eskimo. One Anglican missionary from Port Harrison, Hudson Bay, recently wrote to Jack Miner, and said it was hard to get the Eskimo to give up the tags, but offered the suggestion that they might give them in exchange for Bible Lesson picture cards, preferably coloured tracts.

MUST HAVE COURAGE AND INDEPENDENCE.

Political leadership, which will remove fear from among the people, is needed. There should be no fear of the law, and yet a summons to court may put fear into the heart of an innocent citizen when he thinks of the costs of the court and the loss of time in its dilatory management.

An appeal to justice should be a joyous appeal, yet it cannot be when it becomes perilously costly, and the imposts are made and judged by those who are self-interested.

There is a general feeling that the lawyers have "dug in" and entrenched themselves so that they can fleece their clients, and have thus made justice a tragedy.

Yet, few litigants have the courage to attack the system, let alone the courts. Unthinking greed is behind the taxing of a bill from a lawyer.

This confusion must pass peacefully else there be an overthrow of the whole system.

The heart of the people is sound, and they are deeply thinking.

This may be but a single view of a question

which has never been publicly ventilated. Political leaders fear to tackle it, as they feared the carbuncle of the Canadian National.

Yet, an honest man, with vision and courage, who will stand firmly on his own feet and who will denounce all self-seeking and false ideas, need not be afraid of lacking votes and attaining to leadership.

We shall put an end to subserviency so that there may be independence and courage.

The premium of a premiership awaits the man who will study so that he may declaim with both knowledge and sincerity.

AN ERROR IN DIPLOMACY.

That the proponents of the National Recovery Act should pick upon Henry Ford as a compulsory subject would indicate a lack of conviction in their remedy and a doubt of its success.

Of all men in the United States Henry Ford has been the one who has given the greatest consideration to his employees. He paid the highest wages of any manufacturer, and gave thought to the personal welfare of his staff.

That he feels he can see further in the future, and may have a keener mind for foreseeing the real reactions of automatic prosperity, should not call for coercion and for threats of a boycott by the public.

Errors of judgment often occur when too much power is delegated to some autocratic person who is without business or executive experience.

We do not hold any brief for Henry Ford, but as an independent onlooker we know that persecution by a governmental fledgling will do grave injury to an outstanding manufacturer whose market is the whole world, and who is highly respected everywhere.

THE PUBLIC ARE WAITING AND WATCHING.

The Provincial Conservatives announce that they are preparing a new platform for submission to the electors.

That this platform should be constructive in its nature, and free from all partisanship, in the sense of purely destructive denunciation, we can hope for in the poise of the new leader of the Opposition.

People as a rule are weary of partisan strife between the "ins" and the "outs," but they do earnestly look for professions, backed by convincing sincerity, that there will be some relief from irritating taxation. The people of Canada seek relief from a civil army which costs them more than a wartime army. They demand the most trenchant economy in all forms of government, and they care not for the old party shibboleths so long as they have proof that their wishes are being pursued.

There is the danger of a Third Party, which only causes a split and avails not. Usually such a party ends in a compromise, where the political jockeys try to straddle two horses. That leaves the taxpayer out on a limb, where he finds he is in the position of a defendant who is paying inordinate fees to Montreal lawyers.

In an aroused public opinion, and with people who have become well versed in the complexities which have crept into government through the advocacy of wild-eyed notions, there will be provincial-wide interest in any new platform which gives guaranteed promise of effective and practical measures of relief. Can the combination of Conservative thought be expressed in a platform without the thought of political expediency?

When Camillien Houde a former leader, worked himself into a frenzy of enthusiasm and gave voice to policies directly opposed to conservative thought, and would each day coin for himself some new political heresy, the Conservative leaders did not call him off, but just silently feared and hoped—a mingling which did not give promise of even a forlorn hope.

We are not in the olden days, when the electorate did not bother about public affairs between election periods. The thorns of taxation press daily on our brows, and all are alert and awake.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.
September 8th, 1903.

Rev. W. H. Sparling of Quebec, presided over the Methodist Church convention at Bishop's Crossing. Rev. A. A. Radley, of Danville, was secretary and Rev. W. H. Stevens, of Knowlton, the principal speaker.

Extinction of the British pottery trade was feared when an American syndicate attempted to buy all the clay fields. The British plants are still alive and prosperous.

A British writer warns Andrew Carnegie that if he continues to create friction between Canada and the United States, Canadian trade may be diverted to Canadian ports.

Ottawa Council proposed to enter the electric light business, the aldermen thinking a plant to light the streets could be built for \$40,000. Of course it cost many times that amount.

Resignation of Lord Lansdowne, Foreign Secretary and former War Minister, was expected to follow the report on the Conducting of the South African War.

Prompt action, by the fire department saved the Tuck block from serious damage. The fire was discovered by John P. Wells, who turned in the alarm.

Hector Deschamps and Urie Dubrient, Windsor Mills, were hurt in a baseball game at Ste. Liberte in which the Windsor boys were defeated by 24 to 11.

Western members protested at the adjournment of House of Commons over Labor Day, declaring too much time had been lost already.

The Countess of Minto and her two daughters left on a pleasure voyage to Japan. Their visit to Vancouver was occasion for a demonstrative send-off.

A. O'Boyle, M. Morrissey and R. Wilson, of the Record staff were visiting Montreal. Mr. O'Boyle is still in the Record.

Premier MacBride, of British Columbia Legislature, called elections for October 3.

Sawyer's school opened with Miss Van Vliet as principal and Miss Gillis and Miss Wark as assistants.

Mr. and Mrs. J. L. Taylor, of Birchton, celebrated their golden wedding.

Press Comment

A FINE OLD ENGLISH LAW.

There are some ancient laws on the statute books of England that long ago outlived their usefulness. Some of them are downright absurd, yet a lawyer occasionally pokes through the old tomes and invokes a statute which tries to make somebody out a criminal for doing something that may have been a crime several hundred years ago, but ought not to be one now.

A Blackpool magistrate dug up an old law the other day, however, which ought to be put in full working order today not only in England but everywhere else. He had before him three pickpockets, who, when searched, had a fairly substantial sum of money in their pockets. So, in sentencing them to three months in jail, he directed that under an ancient and forgotten law, the costs of their maintenance in jail be deducted from their funds.

This seems a reasonable decision. It is too bad that the public should have to pay for the keep of people who have already robbed them, when the rascals are not rich enough to pay for their board in jail. The cost will be a good deal less anyway than it would be outside.

AN AUTHOR AND AN INTERPRETER.

Inquiries are occasionally made as to the authorship of the saying about the man who builds a better mousetrap. This, it appears, was written by Elbert Hubbard who phrased it as follows: "If a man can write a better book, preach a better sermon or make a better mousetrap than his neighbor, though he build his house in the woods the world will make a beaten path to his door." Hubbard is said to have acknowledged his indebtedness to Emerson for this thought. At any rate, Emerson had written: "If a man can make better chairs or knives, crucibles or church organs than anybody else, you will find a board hard-beaten road to his house, though it be in the woods."

DROPPED DEAD AT DAUGHTER'S WEDDING.

Cincinnati, Sept. 8.—Mrs. Rose Dattilo watched her daughter being married before the altar of St. Mary's Church. After the ceremony the bride turned to her mother to give her a kiss but just as she did so Mrs. Dattilo dropped dead of a heart attack. Physicians said excitement killed her.

BISHOPTON

There was a very large attendance at the United Church on Sunday morning. The soldiers in training on the airport grounds attended in a body. Rev. Mr. Smith, pastor of the church, delivered a very helpful sermon, his text being taken from the twelfth chapter of Mark and six verses. Before taking up his subject, the Rev. Mr. Smith, in the name of the congregation of Bischopton, welcomed the visiting friends and hoped they would profit by the service. The hymns sung were "Onward, Christian Soldiers," "O Worship the King," and "Jesus, Jesus O'er the Tumult." Other selections were a duet by Miss Florence Bishop and Mr. T. E. Evans, "I Heard the Voice of Jesus Say," and an anthem by the choir, "Can the Master Count on You." Widener. Beautiful flowers were placed on the organ and chancel tables by Mrs. A. H. Wright, Mrs. F. C. Bishop and Mrs. Beaumont, and after the service were given to friends. The ushers were Messrs. R. M. Bishop and S. N. Bishop. The organist was Mrs. C. Powers, of East Angus, in the absence of Mrs. Bennett.

Another EAGLE BRAND Triumph!

"WHEN our baby Thelma was born," writes Mrs. M. Urquhart of 35 Beaconsfield Ave., Toronto. "I found it necessary to supplement breast feeding, and Eagle Brand was chosen to fill the deficiency. From two months of age she has been fed on Eagle Brand entirely, and now at the age of one year she weighs 21 lbs., has nine teeth—is strong, healthy and full of energy—sleeps well, and has never had a day's serious sickness."

"At ten months old, Thelma won First Prize in a Toronto Baby Contest. This tells more than words what Eagle Brand will do towards developing better babies."

"I recommend your product in the strongest terms to every mother seeking a suitable food for her baby."

If you cannot nurse your baby, try Eagle Brand Milk. Simple to use. You will find the directions on every label. We would like to send you the new 84 page edition of "Baby's Welfare." It gives directions for feeding and children's care and has pictures and life stories of many Eagle Brand babies.

BUILDING NEAR BURY RAZED BY FLAMES TODAY

Barn on Property of Charles Ord, Situated on Outskirts of Bury, Burned with Season's Supplies Early This Morning—Cause of Blaze Undetermined.

Bury, Sept. 8.—Fire of undetermined origin early this morning destroyed the medium-sized barn on the property of Charles Ord, situated on the outskirts of this village at the intersection of the Bishop and Sherbrooke-Beauceville highways. The blaze was noticed by neighbors who gave the alarm. The flames had made such headway, however, that the efforts of the fire-fighters were unavailing. Fortunately there was no wind to increase the firemen's handicaps, and the brigade prevented the conflagration from spreading.

Mr. Ord's supply of hay, grain and farm accessories fell prey to the flames, while the only head of livestock in the premises at the time, a pig, was burned to death. A farm scale and a buggy were the only articles which volunteer workmen succeeded in saving from the blazing structures.

The loss sustained by Mr. Ord is partially covered by insurance.

THIRD MONTHLY REVENUE JUMP AT LOCAL PORT

Collections by Local Branch of Department of National Revenue \$85,411.35 in August Compared with \$53,176.29 Last Year.

For the third consecutive month, the collections of the local office of the department of National Revenue in August showed an increase over the corresponding period of last year, figures issued by W. R. Moore, collector at the local port show. Although the increases in June and July were substantial, \$12,022.21 and \$5,129.81 respectively, the August increase was greater than the two previous months combined. Last month \$85,411.35 was collected or an increase of \$2,135.96 over the revenues of \$53,176.29 in August 1932.

Excise taxes reflected the improved business tone, reaching the near record figures of \$52,125.70, or nearly equal to the total collections for August of last year. A year ago, a near \$30,000 was received from this source.

Receipts from import duties were also higher at \$32,849.96, compared with \$20,580 twelve months ago. Excise duties at \$401.94 and sundry collections of \$33.75 showed little change from previous figures.

STOLEN AUTOMOBILE RECOVERED IN FRELIGHSBURG

Municipal police stated today that through the co-operation of the Sherbrooke Record the automobile belonging to Jerry Wiggett of this city, that was stolen last week had been recovered in Frelighsburg.

The thieves had apparently abandoned the car when they ran out of gas. The vehicle was not damaged.

DECREASE IN BANK CLEARINGS

Bank clearings for the first week of September registered a decrease of \$11,446.70, compared with those for the same week last year. The past week's total was \$548,686.99 and that for the corresponding week in 1932 \$557,240.26.

COMING TO MARLBTON FAIR!

With track rebuilt and lawn in good condition the Marlleton Fair opens on Wednesday next to show what Wolfe County can produce. All the youth and beauty of the county will be there for Wednesday and Thursday of the show, and the President and Directors promise many new features which should bring back from the towns and cities those who can never forget the hills and glades and beauty spots of the smallest and yet the most alluring of the Eastern Townships counties. Already the prize pumpkin pie is bespoke, and no doubt Dr. Elliott will give his customary exhibit of spring fruits ripening in the autumn. There is renewed interest in the County Fairs, and with fair weather in the offing, Marlleton Fair will get its share of the renaissance. Henry Bishop has issued the call "Come to Marlleton Fair; glad welcome awaits you there!"

FALL PROGRAMME PREPARED FOR REGIMENT SHOOTING COMPETITION

The fall programme for rifle, machine gun and light automatic shooting has been prepared by the musketry officer of the Sherbrooke Regiment and includes special programmes for the next three weeks.

All ranks of the unit will parade at the armory at 1.30 p.m. tomorrow and will proceed to the ranges to complete their range practices. Uniforms will not be worn.

The following Saturday, September 16, the annual rifle classification will be held followed by the annual regimental shoot on Saturday, September 23rd.

A suitable prize list has been arranged for the battalion shoot and includes prizes for all classes of shots. However, no member of the unit is eligible to participate in this shoot unless he has attended the classification shoot on September 16th.

Special machine gun and light automatic gun practices are being held at 8 p.m. each Tuesday and Thursday at these practices will be chosen the teams to represent the unit in competition at the ranges.

RETIREES FROM LONG SERVICE WITH Q.C.R.

After forty-nine years of active service with the Quebec Central Railway, William Oscar Lawrence, Montreal street, has been retired on pension and is at present enjoying a rest and well-merited holiday at his summer camp situated below Garthby on Lake Aylmer.

Entering the service of the Q.C.R. at the age of fifteen years, Mr. Lawrence filled the position of conductor for some time and was later engaged in the baggage and express department. Older residents of this vicinity will remember when his father, E. O. Lawrence, was also a conductor on the same railroad many years ago.

Mr. Lawrence, whose wife passed away a number of years ago, re-

VALCARTIER CAMP WILL BE OPERATED DURING WINTER

Quebec, Sept. 8.—Valcartier Camp will be kept open during the coming winter for single unemployed men it was learned at the headquarters of the local military district last night. The men now in camp, who number 1,563 will start work shortly on the construction of five additional dormitories.

Five buildings are now under construction and will be completed within a few days. Each building will house two hundred men and plans have been drawn up for the installation of an amusement hall, a theatre, a chapel and reading rooms.

Work in repairing the walls of the citadel of Quebec is continuing with 421 men, who would otherwise be unemployed at work. It is understood this work will continue during the winter.

DECORATIONS FOR ROYAL WEDDING ARE TORN DOWN

Tearing Down of Bunting and Garlands During Night Believed to Have Been Work of Communists.

Fredensborg, Denmark, Sept. 8.—Bunting and garlands, with which the streets of this hamlet were decorated in preparation for the wedding of Prince Knud and his cousin, Princess Caroline Mathilde, were torn down during the night, allegedly by Communists.

Subsequently a strong force of troops and detectives was placed throughout the village, and the Royal castle, which has seen so many notable Royal gatherings and which was chosen for the ceremony, was strongly guarded.

"SCHOOL DAYS" AGAIN FOR TEN THOUSAND UNEMPLOYED

Harrisburg, Pa., Sept. 8.—School days may start over again for upwards of 10,000 unemployed persons.

Tentative plans of the state emergency relief board, announced yesterday, call for the establishment of vocational schools at twenty to twenty-five centres, with the government putting up the \$250,000 expense money and the state furnishing the equipment.

The money will go to pay about 500 teachers and others needed to conduct the classes.

DRUMHELLER MINERS END SIX MONTH LONG STRIKE

Drumheller, Alta., Sept. 8.—East Couleau miners strike, affecting six miners near here, was ended with operators agreeing to pay the men the old scale of wages, reduction of which caused the walk-out last spring. The six-months old strike had tied up operations while lengthy discussions were held by union heads and strike leaders, the agreement unexpectedly arriving last night.

Ken Jenckes says:

The Fair is over — the cold wet weather is not far behind.

NOW is the time to have your roof repaired, painting and odd jobs done; and don't forget your heating system. THE COST IS LESS NOW than ever before and you can't lose money spent in this way. It pays good dividends.

DO YOU REALIZE that way every dollar spent in this way stays in town and works, about 75% goes direct to labour and keeps moving.

Our men are experts and do their part.

ALBERTA BUTTER MAKERS SHIP TO GREAT BRITAIN

Shipment of 672,000 Pounds to Start Next Week Say Produce Firms—Largest Order on Record.

Calgary, Sept. 8.—Shipments of 672,000 pounds of butter from Alberta to Liverpool for consumption in the United Kingdom will start about September 15th, according to officials of Calgary produce firms. It is one of the largest movements of butter on record.

The shipments, being rushed to the United Kingdom to fill orders before Australian and New Zealand butter comes on the market next month, are expected to dispose of a large surplus of the province's butter.

SPLIT BEER SUPPLY SAVED BURLINGTON STORE BLOCK

Fire Starting in Basement of Restaurant Extinguished when Pumping Coils Were Melted.

Burlington, Vt., Sept. 8.—Even prohibitionists admitted the fine quality of beer in this case.

A deluge of the amber drink today prevented the possible destruction of a business block by fire. The fire, starting in the basement of the Burlington Lunch, melted coils by which the beer was pumped to the main floor of the building, resulting in a flood of the beverage which drowned the flames.

VINES BLASTED FROM DEFENCE OF LAST TITLE

Bryan Grant Smashed Vines' Chances of Retaining Last of Three Championships He Held Last Year—Allison and Two Japanese Stars Among Other Casualties.

Forest Hills, N.Y., Sept. 8.—The United States men's tennis championships dug out from under the storm today and prepared to carry on at Forest Hills, but they will never look the same.

Gone, as the quarter-final matches began, was H. Ellsworth Vines, jr., champion of the United States for the last two years, the victim of a fighting little roster first line of defence went down in the course of as hectic a day as the championships ever witnessed.

Nine players still survived when darkness mercifully closed the curtain. A pair of them, Clifford Sutter, of the United States, and Vivian McGrath, of Australia, had a date today to settle their engagement, which was called after each had won two sets. They resume the fifth and deciding set with McGrath leading by three to one in frames.

Of the seven who won their way into today's round, four were defenders of the United States, two were bent on taking the big trophy far away Australia, and another carried England's last remaining hope.

In the two upper bracket matches, Bryan Grant, jr., conqueror of the mighty, but listless Vines, ran into Lester Stiefen, of Los Angeles, while Fred Perry, of England, faced the surprising Quist.

Frank Shields, of New York, at the top of the lower bracket, engaged Gregory Mangin, of Newark, in a match that promised fireworks. Shields, who now looms as Uncle Sam's stoutest bulwark against England and Australia, pepped out Ryusuke Nuno, of Japan, in straight sets yesterday.

Jack Crawford, greatest of the Australians, still lurked in the lower bracket, but his quarter-final opponent hinged on the outcome of the McGrath-Sutter play-off. Crawford, who already holds three of the world's four major net titles, had a struggle in eliminating Sidney Wood, jr., in four sets, finally pulling out the clinching set at 8-6 after the New Yorker was within a point of tying the match at two sets apiece.

Providing each won today, as they are favored to do, Shields and Crawford will meet in one of the tournament's semi-finals. Perry was a favorite to turn back Quist, despite the Australian's remarkable straight-set triumph over Allison, and a majority of critics thought Stiefen, the powerful hitler, would prove too much for Grant.

By scores of 6-3, 6-3, 6-3, that were startlingly decisive in every particular, the twenty-two year old southerner sprang the major upset of the tournament, injecting himself unceremoniously into the front rank of American contenders and climaxed a sensational fourth round of play.

Vines' Davis Cupmate Allison, was decisively eliminated by the sensational twenty year old Australian, by 6-1, 6-3, 6-2, and the last two Japanese entries fell by the wayside in a day that was heavy with heat, humidity and surprises.

Grant was not even conceded the distinction of battling the defending champion on either the stadium or adjacent grandstand turf, but he made a thorough job of victory on the clubhouse court, while several thousand spectators scrambled and fought to catch a few fleeting glimpses of the day's biggest jolt to the favorites.

Only the club officials and their chosen guests, in easy chairs on the west side clubhouse veranda, had an unrestricted view of Grant's audacious play. Expressively irritated by his failure to be "seeded" better than tenth in the American list and undeniably peeved at being denied the stadium spotlight so far this week, Grant let loose a barrage of shots that soon had Vines "back on his heels" fumbling for the shots he was accustomed to rely upon.

"Betsy" bombarded Vines from the outset, out-wolleyed the champion and brooked through his vaunted service no less than seven times in three sets. Not since the challenge round was abandoned in 1912 has a defending champion failed to reach the quarter-finals, nor does the record reveal a titleholder so badly beaten.

Vines thus lost the last of the major tennis crowns he wore in 1932 as the world's No. 1 star. He lost his Wimbledon title to Jack Crawford, dropped both of his Davis Cup matches to England's ace and yielded his share of the United States doubles championship with Keith Gledhill.

"Grant simply had too many shots for me and I haven't an alibi," Vines said afterward, but his conqueror was more charitable, remarking: "Don't believe it, he was off his game."

CRICKET

WEST INDIES CRICKETERS IN ANOTHER DRAW MATCH

Skegness, Lincolnshire, England, Sept. 8.—The two-day match between the British West Indies and a side representing the eastern counties was yesterday declared drawn. The West Indies obtained 383 runs in response to the home team's total of 217. The English team in its second attempt had scored 97 for no wickets when play closed.

Yesterday's play was marked by the brilliant batting of the West Indies. Wiles who obtained 112, scored his first century of the tour, while Headley obtained 95. He gave a splendid display that delighted a large holiday crowd. Head also did well completing his innings yesterday for 98 runs.

The English players in their second innings improved considerably and Frearson and Hotchkin were unbeaten when play closed.

AUSTRALIAN ELEVEN ASSUMED LEAD

London, Sept. 8.—The M.C.C. Australian team obtained a lead of 40 runs on the first innings over H. D. G. Leyeson-Gower's team in the second day's play of the match at Scarborough. Reprising to the Australian eleven's total of 349 runs their opponents yesterday scored 309. Mitchell scored 100 not out, Bakewell 51 and Townsend 56. Going in for a second time the M.C.C. side had obtained 54 runs without loss when play closed. The match will be concluded today.

Players had easily the best of matters in the match with the Gentlemen. At the end of the day they had scored 469 for six wickets, Ames hitting up 201, Ashdown 84 not out and Woolley 54.

and gave a yell that echoed all over the place. It was a rough day on favorites. An outstanding exception was Shields who loomed more conspicuously than ever as the outstanding American "hope" after whipping the steady Ryusuke Nuno, second-ranking Japanese, in straight sets, by 7-5, 6-2, 6-3.

Both top-seeded invading acts, Crawford and Perry, were given sensational duels by young Americans, another of whom Gregory Mangin, of Newark, sprang a major surprise by outlasting the deliberate Japanese No. 1, Jiroh Sato, in five prolonged sets, by 6-2, 3-6, 6-3, 4-6, 4-2.

Most of the gallery of 7,000 remained until darkness was settling over the stadium to see Crawford emerge the winner of a tense two-hour duel with Wood. This match developed some of the tournament's greatest tennis before the Anzac pulled himself out a 6-4, 6-4, 6-6, 8-6 victory.

Perry likewise needed all his resources to come from behind after dropping two of the first three sets to beat Keith Gledhill, "unseeded" Californian who upset Frankie Parker on Wednesday. Perry, despite a dangerous lapse in the final set after piling up a four-game lead, won by scores of 6-2, 4-6, 1-6, 6-3, 6-3.

Darkness finally ended the day's play with seven of the eight quarter-final brackets filled and Vivian McGrath, seventeen years old, the phenomenon with the two-fisted backhand leading the third-ranking American, Clifford Sutter, of New Orleans, in the fifth set of a battle for the other place. McGrath put on a brilliant comeback in the twilight stages of the match, and secured a straight 6-3, 4-6, 2-6, 6-3, 3-1 in his favor.

COCHET WILL PLAY TILDEN IN PARIS

Paris, Sept. 8.—Henri Cochet, France's leading tennis star, yesterday announced he would play against Bill Tilden, American professional, in a Franco-American series in Paris starting September 22 but that he would not accept money for his play.

"I'll play against Tilden," Cochet declared, "but as an amateur. My share of the gate receipts will be split between the sports writers pension fund and the Lyons Football Club. I'm a business man and I'll remain a business man."

Cochet's decision will raise a nice question within the French Tennis Federation which bans matches between amateurs and professionals at which gate receipts are charged, as does other members of the International Federation.

There has been considerable agitation on both sides of the Atlantic over an open tennis tournament in which professionals and amateurs might compete against each other, as in golf, but no such tournament ever has been played.

The United States Lawn Tennis Association went so far as to sanction such a tournament at the Genardown Cricket Club courts, Philadelphia, this year but it then was decided that no suitable dates were available and the matter was dropped.

Great Britain and France have been the strongest opponents to any lowering of the bars against professionals and have successfully blocked all previous moves to put the International Federation on record as approving any tournament play with the amateurs.

NEW YORK LEAD AGAIN REDUCED BY PITTSBURGH

Pirates Maul Four Giants' Hurlers in Fourteen to Two Rout Yesterday—League Leaders in Desperate Plight for Remainder of Western Tour.

New York, Sept. 8.—A series which started out as a tie days ago as a matter of importance today to the Pittsburgh Pirates, second-place club of the National League, moved into its final stage today looking like a serious matter indeed for the New York Giants.

The league-leaders, beaten in three of the first four games, had a narrow margin of one run almost had to win the final clash in order to enjoy any degree of safety during the remainder of their western tour. Their margin, seven and a half games at the outset, was reduced to five and a half by the fourteen to two drubbing they absorbed yesterday. Another setback today would leave them a slim working margin on which to tackle five games at Cincinnati, followed by series against the Chicago Cubs and the St. Louis Cardinals, who seem to be almost unbeatable on their home grounds.

Heinie Meine did a neat job of halting the Giants yesterday, giving them ten hits, including a homer by rookie Phil Weintraub, and pitching his way out of a few tight spots. But after the first inning the question was merely how much punishment could the New Yorkers absorb. Roy "Bud" Parmelee couldn't get the Buccos out. They blasted him from the hill with four straight singles, following a walk and a sacrifice, to get a half-inning and made it five to nothing before Adolfo Luque managed to end the inning.

Luque went out before a four-run blast in the third, "Lefty" Watson Clark gave up a few more runs and Gus Suhr and Earl Green, nicknamed young Johnny Salveson for home runs in the sixth to leave the Giants a thoroughly beaten set of players.

The Cubs and the Cardinals also took a few cuts at the Giants' lead, winding up six and a half and eight and a half games behind, respectively. The Cubs edged out the Boston Braves by two to one in a mound duel between Lon Warneke and Dutch Brandt as Gabby Hartnett did all the Chicago cheering and Warneke lost a shutout through Wally Berger's twenty-sixth homer.

The Cards walloped the Phillies by ten to one behind Dizzy Dean for their thirteenth consecutive home victory under Frankie Frisch and moved into fourth place a half game ahead of the Braves.

Walter Beck gave the last-place Cincinnati Reds their twentieth shutout of the season as an eighth inning rally against Red Lucas brought Brooklyn a two to nothing victory.

The New York Yankees finally nipped a game off Washington's American League lead as Lou Gehrig led them to a twelve to eight victory over the St. Louis Browns, while Chicago's White Sox bested out the Senators by one to nothing in a mound duel between Sad Sam Jones and Monte Weaver and ended a five-game winning streak despite Weaver's three-hit pitching. Gehrig walloped his twenty-fifth homer, a double and a single for the Yanks.

Philadelphia unveiled another rookie hurler, Johnny Marcum, from Louisville, and he gave a five-hit mound performance to beat the Cleveland Indians by six to nothing. The Detroit-Boston clash was halted by wet grounds.

ABLE TO LOOK AFTER HERSELF

MRS. C. A. BEATON LADY CHAMPION AT ST. FRANCIS

Defeated Miss Gabi Choquette by One-Up in Final Round Yesterday to Succeed to Throne Held for Two Years in Succession by Miss Margot Lepage.

Mrs. Clarence A. Beaton yesterday succeeded to the throne from ladies' golf at the St. Francis Golf Club for the past two years. In the final eighteen-hole match yesterday, the new title holder suppressed the bid made by Miss Gabi Choquette who had been established a favorite following her victory over the defending champion in the semi-final round.

Mrs. Beaton and Miss Choquette waged a close battle which saw the lead change hands several times before the new queen of Sherbrooke's nine-hole course went ahead on the seventeenth and won the championship by halving the final hole. At the other bracket the holders, Chick Hafey, who had taken the last place from Wes Schulerich, gave back a half interest as he hit only once in four tries and dropped back a point.

The standing at day follows: Klein, Phillies 127 568 88 192 377 Fox, Athletics 126 495 111 180 364 Davis, Phillies 117 417 42 143 343 Gehrig, Yanks 131 523 122 175 335 Manush, Senators . . . 134 586 105 194 331 Hafey, Red . . . 125 494 72 181 324 Schulerich, Phillies . . . 101 368 55 129 326

THREE TEAMS VIRTUALLY TIED FOR FINAL PLAY-OFF BIRTH

The Toronto Maple Leafs, the Montreal Royals and the Buffalo Bisons were locked in a virtual tie for the fourth International League play-off position today with the end of the regular season only three days away.

Buffalo's thirteen to five trouncing of the Rochester Red Wings, coupled with Montreal's nine to two victory over Toronto, left a three clubs so closely bunched a blanket would cover them, and sent the experts into a battle with the problems of long division. The net result of the calculations was to reveal Buffalo a fraction of a percentage point ahead of Toronto, and Montreal another fraction behind, as follows:

W. L. P.C. Buffalo . . . 81 84 .499 Toronto . . . 80 83 .497 Montreal . . . 79 82 .496

KNOWLTON AND VICINITY NEWS AND PERSONALS

Knowlton Missionary Society Held Meeting—Newsy Items of General Interest from District.

Knowlton, Que., September 8.—The monthly meeting of the Women's Missionary Society was held at the home of Mrs. E. M. Taylor. The meeting opened with the hymn, "O! Love That Will Not Let Me Go," followed by prayer and a Bible reading by the president, Mrs. C. Bulard. Then the devotional leaflets were read by several members. Miss Tenny, of Montreal, for thirty-five years secretary of the Young Women's Christian Association and now secretary of the Griffintown Boys' Club, Montreal, was present, and gave a very interesting talk on the work of the club. The meeting closed with the Mizpah benediction.

Dr. Grace Ritchie England accompanied by her daughter, Miss Esther England, is attending the Liberal summer conference which is being held this week at Port Hope, Ont. During their absence their home is being occupied by Mrs. W. E. Ritchie and Mr. and Mrs. W. M. Ritchie, of Hindsdale, Ill.

In the monthly report of the daily water samples sent to the Provincial Bureau of Health for the month of July, 1933, Knowlton appears on the list as good, near the top of that section.

Mr. R. E. Hallenby, of Montreal, has been spending the past month with his mother-in-law, Mrs. G. G. Foster.

Mrs. F. A. Knowlton, who has spent two weeks at North Hatley, Magog and Newport, has returned and had as her guests Mrs. Banfill, the Misses Banfill, Mrs. Planche, of East Angus, Mrs. W. D. Wallace, of Magog, Mr. and Mrs. T. N. Perkins, of Massonville, and Miss Knowlton, of Montreal.

Master Robert Rollit, who has been the guest of his aunt, Miss Shearing, at Orford Lake, has returned home.

Mr. Arthur A. Rollit and Mrs. Rollit, of Toronto, have been guests of his brother, Rev. A. E. Rollit, at the Rectory.

SPORTING NOTES

GEHRIG CONTINUED HEAVY HITTING YESTERDAY

Lou Gehrig, who only crashed into the "Big Six" Wednesday, kept up his terrific clouting yesterday to out Heinie Manush from second place on the American League batting list fourth in the sextette. "Buster" Lou made three more hits, including his twenty-fifth homer, in four times up, sending his average up four points to .335. Manush hit once in four tries and dropped a point to .331.

Jimmie Fox improved his mark as a favorite following his victory over the defending champion in the semi-final round.

Mrs. Beaton and Miss Choquette waged a close battle which saw the lead change hands several times before the new queen of Sherbrooke's nine-hole course went ahead on the seventeenth and won the championship by halving the final hole.

By reason of her one-up triumph, Mrs. Beaton was crowned club champion and received the Molyneux Cup, emblematic of supremacy at the Park avenue layout.

SOMERVILLE CLASSIFIED HIGHLY BY BOBBY JONES

New York, Sept. 8.—"The best hitter of a full iron since Chick Evans came up," is the classification given C. R. "Sandy" Somerville, United States amateur golf champion from London, Ont., by Bobby Jones, according to a New York newspaper yesterday.

Somerville, the paper said, signs his name C. Ross, but the signature most easily recognizable by his harassed rivals is that crisp full iron of Sandy's which stops a long soaring ball as though the latter were equipped with air brakes.

The articles pointed out a parallel in the champion's golfing career with the titular tennis climb of Richard Norris Williams, former United States singles champion.

Just as Duane Williams set out to make his on a champion tennis player and spent a fortune on professional teachers so did Somerville's father cherish the ambition that young Ross would some day be a kingpin on the links. The old Somerville engaged the best instructors in Canada to train Ross, giving in the way it should go.

Sandy passed through New York en route to Cincinnati where he worked out yesterday on the Kenwood Country Club course where the 1933 United States amateur title hunt starts on Monday.

CANADIAN VETERANS DEFEATED BY AMERICAN VETERANS

Seigniorly Club, Que., Sept. 8.—Canadian senior golfers last night were still seeking the victory which has evaded them for ten years, a triumph in team competition over the team of the United States Seniors' Golf Association.

The tenth consecutive time since the international series began, United States golfers today routed the Canadians by a score of twenty-one points to eleven, and thus renewed their hold on the Duke of Devonshire Cup in an eventful day of competition over the course of the Seigniorly Club.

Fourteen twosomes left the first tee yesterday morning for the 18-hole match play round, the nineteenth pair, S. L. McKay, of Sarnia, and P. S. Wheeler, of Long Island, N.Y., having been broken up by the default of Wheeler due to a sudden illness yesterday morning. Of the fourteen matches, Canadians were able only to win four and these victories were gained by George S. Lyon, of Toronto; Albert Adams, of Hamilton, the new Canadian champion; John Kerne, of Toronto, and E. A. MacNutt, of the Royal Montreal Golf Club.

The Nassau system of scoring was used, one point being accorded for the first nine holes, another for the second nine and a third for the match, the official scorer recording only the margin of victory in points by calculating the final count.

The outstanding victory of the day was registered when seventy-six year old George S. Lyon, of Toronto, Canada's "grand old man" and captain of the Canadian team, marched proudly down the eighteenth fairway, two-putted the eighteenth green steadily and then announced he had triumphed over Frederick Snare, New York captain of the United States forces, by a three-up margin, gaining three points for Canada.

The veteran captains have been links rivals for over a decade and their duels on courses of the United States and England are classics of senior golfing history. Their last meeting in England resulted in a one-up victory for Snare, but yesterday Lyon was on his game and won handily.

Mr. Harold Dryburgh and Mrs. Dryburgh. Mr. and Mrs. Thornton, of Springfield, are guests of Mrs. Thornton's parents, Mr. and Mrs. A. W. Pettes. Miss Edith Aker, of Springfield, Mass., was the guest of Miss Haroldeen Wallace recently.
